## Equal Opportunities Policy

We give all children in our care the opportunity to reach their full potential. Sometimes, this means adapting an activity to the child's ability and stage of development, providing additional resources or giving one child more attention and support than others during a **particular** activity or routine.

All children in our care are given the opportunity to play with all the toys (subject to health and safety with children under 3 years of age). No toys are just for boys or just for girls. We try to ensure our toys reflect positive images of children and people from different cultures and with different abilities. We have toys and resources that challenge stereotypical ideas on what careers are open to men and women.

No child in our care will be discriminated against in anyway, whether for their background, culture, gender, ability or religion. We will challenge any remarks that we feel are inappropriate.

We encourage the children in our care to learn more about their culture and to find out about the culture and religions of other children. We do this in a fun way through sharing books, colouring sheets and celebrating special festivals.

We encourage the children to develop a healthy respect of each other's differences and to value everyone as an individual.

We encourage parents to share with us any festivals, special occasions or artefacts, which may enhance the children's learning and understanding.

If you have any concerns regarding this policy, please discuss them with us.
